TESTIMONIALS

“ We have entrusted PX a very atypical GMP project, with a lot of challenges in analytical and production development. All issues were solved fast in creative and pragmatic way and the product delivered well on time.”

Michel Thiry,
Consultant Biopharmaceutical CMC

“ PX'Therapeutics Team has always been devoted to our project and had made every efforts to bring solutions for improving manufacturing process and product quality.”

Sylvain Fleury,
Chief Scientific Officer, Mymetics (Switzerland)

SINGULAR CDMO.
